## **INTRODUCTION**

The Tygervalley Improvement District (TVID) was formally established in 2016 providing supplementary and enhanced public safety, urban maintenance, and urban cleaning services in close cooperation with the various City Departments as well as the South African Police Service (SAPS).

The TVID area supports a business mix including various retailers of which many represent the motor industry, food and fast-food retailers, extensive office buildings and a small shopping mall. The area is further defined by the Bellville Velodrome sport complex and a significant area of vacant undeveloped land adjacent to the Velodrome. After 10 years of operation of the TVID, the public environment is in a well-maintained state with few indications of urban degradation yet, it requires ongoing measures to ensure that the area remains maintained, clean, and safe. Social issues including vagrancy and associated anti-social behaviour continue to be noted by businesses in the area, especially in the vicinity of Edward Street, the Velodrome and along Carl Cronje Drive.

### **TVID Mission**

To lead the urban revitalisation of TVID by cultivating a safe, clean, and vibrant business district that inspires investment, drives economic and social development, fosters community pride, and enhances the overall user experience.

### **TVID Vision**

TVID is committed to reversing urban degeneration through proactive management of public safety, cleanliness, infrastructure maintenance, environmental initiatives, and social responsibility. By fostering strategic partnerships and ensuring effective governance, we aim to create a secure, attractive, and well-maintained environment that supports sustainable business growth and enhances community well-being.

### **TVID Goals**

- Enhance Public Safety - Deploy visible, proactive patrols and collaborate with SAPS, City Law Enforcement, and private security providers.
- Maintain a Clean and Welcoming Environment - Address issues of maintenance and cleaning of streets, pavements and public spaces.
- Manage existing and new public infrastructure – Proactively manage existing and new public infrastructure through ongoing maintenance and operational oversight, enhancing accessibility and delivering long-term benefits for all users of the area.
- Stimulate Economic Growth - Attract and retain business investment through a well-managed and appealing district.
- Support and promote social responsibility - Support initiatives that uplift the vulnerable members of the community and encourage inclusive development.
- Ensure Sustainable Management - Maintain effective governance and operational excellence in all aspects of the management of the TVID area.
